POMOĆ

Nema struje

Proverite da li je kabl za napajanje TV-a uključen. Ako i dalje nema struje isključite ga i nakon 60 sekundi uključite ponovo.

Signal nije pravilno primljen.

Moguće je da se prikaže dvostruka slika ili fantomska slika ako postoji bilo kakva visoka zgrada ili planina u blizini. Možete ručno podesiti sliku, slijedite uputstva kablovskog operatera ili promenite smer spoljnih kanala.

Nema slike

Proverite da li je antena sa zadnje strane televizora povezana ispravno. Pokušajte da izab erete neki drugi kanal i proverite da li je problem u nečem drugom.

Dobra slika, ali nema zvuka

Povećajte jačinu zvuka. Proverite da li je televizor u stanju pripravnosti i pritisnite ON. Zvuk se dobro čuje, ali boje nijesu realne ili nema slike

Proverite da li je antena na zadnjoj strani televizora povezana ili ne.

Poremećen nivo zvuka

Električni uređaj (fen npr.) može uticati na osećaj jačine zvuka. Isključite sve slične električne uređaje koji prave buku. Slika se deli. Verovatno lokacija antene nije dobra. Upotreba visoke antene može poboljšati kvalitet slike.

Televizor ne reaguje na daljinski upravljač

Usmerite daljinski upravljač direktno na senzor signala na TV-u. Ako televizor i dalje ne reaguje proverite da li ste skinuli folije iz daljinskog upravljača. Takođe proverite da li ste ispravno postavili baterije. Zamenite baterije novim.

Nema ulazni video signal (PC režim)

Proverite da li je kabl video signala ispravno povezan sa VGA ulazom. Provrte da li je kabl za video signal negde presavijen.

Ekran je svetao ili taman (PC režim)

Podesite kontrast ili osvetljenost iz glavnog menija.

Funkcija (PC režim) ne reaguje

Promenite postavku PC-a za kompatibilnu rezoluciju ekrana.

Prilikom povezivanje preko RCA se pojavljuju linije

Koristite kvalitetniji kabl za povezivanje

Problemi i dalje postoje

Izvučite kabl za napajanje i sačekajte oko 30 sekundi, onda ga ponovo postavite. Ako postoji neki problem sa televizorom, ne pokušavajte da ga popravite sami. Obratite se specijalizovanom servisu ili ovlašćenom uvozniku.
